CONFESSES GUILT OF FACTORY FIRE

Preston Nash, Sixteen Year Old Colored Boy

SENT TO RICHMOND

Boy Makes Alleged Confession to Chief Goods and Sergt. Wilkinson—Held For Grand Jury

James Nash, colored, seventeen years old, who the police alleged confessed to setting fire to the stockroom at the plant of the Old Dominion Glass Company last Wednesday night is now a prisoner in the Henrico county jail, Richmond where he will be kept until he is tried for the offense before a jury in the corporation court of this city.

The prisoner was spirited out of the city at 3:15 o'clock yesterday afternoon being taken to Richmond by Policeman Bell.

News of the arrest of and confession of the prisoner was suppressed by the authorities for fear that some overt act might be committtd against the prisoner, there being considerable feeling regarding the fire, especially because one of the glassworkers, Clarence W. Ale, lost his life while helping fight the fire. The loss on the property was $25,000 it is estimated.

The alleged confession was made by Nash to Chief of Police Goods and Police Sergt. William J. Wilkinson. The police say that Nash first denied the crime and shortly afterward admitted going into the stockroom and lighting a match which caused the conflagration. Nash was a discharged employee of the plant and his motive the police say was revenge.

According to the police Nash was taken in custody at his home, 722 North Henry street yesterday morning and Police Sergt. Campbell and Policemen Magner and Reed. After being taken to headquarters he was interrogated by Chief Goods and Sergt. Wilkinson. He first endeavored they say to tstablish an alibi and later they say confessed to the crime. At first he claimed he went into the shed and accidentally set fire to the place and was going to subdue the fire and seeing the watchman approaching he fled. Later they say he admitted he set fire to the factory because Supt. Arthur Gray has ejected him from the yard of the plant at 5 o'clock that afternoon.

It is alleged that he stated as he left the place after being put out and went home and returned in that neighborhood between 7 and 8 o'clock, spending a part of his time at a poolroom. After the fire started he watched its progress from the hill nearby and then went to the dump nearby, west of the hill and met a colored man and later went as far as the company's gate and watched the process of the fire and about 10:30 o'clock went home and went to bed.

Nash it is stated had been discharged from the factory about a week ago because he failed to report for work one night. Since that time it is reported he had made frequent visits to the plant during the absence of the superintendent.

Following his confession, Nash was arraigned before Justice L. Louis N. Duffey and held for the grand jury. At a preliminary hearing there were Judge Robinson Moncure, Mayor Duncan, George H. Schwarzmann vice president of the Old Dominion Glass Company, Chief of Police Goods and Police Sergt. Wilkinson.

Nash has been living here for the past three years, and is a native of Arlington county, Va.

PROBE DEATH OF ALE BY CORONER'S JURY

Fails to Fix Responsibility For Fatal Accident

SIX PERSONS TESTIFY

Testified That After Crying "Lookout" to Kemp Cockrell He Fell Into Well—Funeral Tomorrow.

Clarence W. Ale came to his death by falling into a well located on the property of the Old Dominion Glass Company at about 4 o'clock the morning of November, 1920. The foregoing is the substance of a verdict given yesterday afternoon by a coroner's jury summoned by Dr. T. M. Jones, which met at Wheatley's funeral chapel, after hearing the testimony of six witnesses. The jury did not fix the responsibility for the accident.

The first witness to testify was Kemp Cockrell, a glassworker, who told the jury that he went to the fire and met Ale and Ale asked him to remain all night to help fight the fire. He consented he said and shortly before 4 o'clock Ale discovered a fire on the hill south of the stock room and several of the men went along to extinguish the blaze. Several boards covered the well and there was a pile of boxes around it he testified. Ale he said grabbed a box which was on fire and just as he did so Ale cried to witness to "lookout" and with the remark fell into the well.

Robert Zimmerman, Arthur N. Gray, James Beach, Samuel C. Northrup, C. P. Kitson, the last named who recovered the body from the well, testified. The jury was composed of John H. Trimyer, foreman; William Thomas, Roger C. Sullivan, W. Page Waller, E. Gorman Ridgely. Attorney Louis N. Duffey appeared at the inquest for the family of the deceased.

The body of Ale was removed to his late residence 311 North St. Asaph street and his funeral will take place at 3 o'clock tomorrow afternoon from the Second Presbyterian Church. Services will be conducted by Rev. Dr. John Lee Allison, pastor of that church and burial will be in Bethel cemetery. Members of the Glassblowers' Union will attend in a body.

REPUBLICANS BREAK SOLID SOUTH

Harding Assured of 404 Votes Out 531 In Electoral College

OVER 285 IN HOUSE

Republican Majority of 22 in Senate is Assured—Florida Towns For G. O. P.—One Socialist Wins

New York Nov. 5.—Additional returns last night from the Presidential election only increased the proportions of the unprecedented Republican landslide.

With Tennessee in the 'solid South' and Oklahoma in the Southwest, strongholds of Democracy, safely captured by the Republicans, and New Mexico also swinging into line, Harding and Coolidge are assured of 404 of the 531 votes in the electorial college, a majority of 277.

Virtually complete returns from New Mexico late last night show that Senator Harding carried the State by a majority of at least 6,000.

A Republican majority of 22 in the Senate is assured by the defeat of Senator Beckham, of Kentucky, Democrat, by Richard J. Ernst. Returns late last night gave the Republican candidate in the Blue Grass State a lead of more than 7,000 votes, with practically all of the precincts heard from.

Of the 34 Senate contests, the Republicans captured 10 from the Democrats and elected all 15 of their candidates, giving them 59. Among the Democratic Senators who went down to defeat were Senators Chamberlain, of Oregon, former chairman of the Military Committee; Senator Smith, of Arizona, who lost to former Representative Ralph Cameron, and Senator Henderson, of Nevada, who was defeated by former Governor Oddie.

Final returns from a few Congressional districts still were belated today, some due to close races which upset a few previous announcements, and others from isolated sections. With these missing districts, the Republican roll in the House had climbed past 285 to 135 for the Democrats.

Among House members whose reelection was reported definitely last night was Representative Volstead, of Minnesota, author of the Volstead Prohibition Enforcement act and chairman of the House Judiciary Committee, a position he is scheduled to retain.

One of the notable results of the landslide was the defeat of Representative Moon, a veteran Democratic Congressman from Tennessee.

Ohio has almost a solid Republican delegation, one district still being in doubt. In Oklahoma three more Republicans were elected. Missouri will have a delegation of 10 Republicans and six Democrats.

Tennessee and Louisiana were not the only States in the "Solid South" in which the Republicans made unexpected gains. Latest reports from Florida show that Senator Harding carried a number of towns in that State, including St. Petersburg, Orlando and Dayton. The returns from the outlying districts are coming in slowly and Republican leaders predict they will show further gains.

For the first time in history several towns and country precincts in the Sixth Mississippi district gave Republican majorities, the towns including Seminary and Runnels. Some counties in Alabama, heretofore strongly Democratic, also return Republican majorities.

The House will have one Socialist member—Meyer London, of New York who defeated Henry M. Goldfogle, fusion candidate in the Twelfth. The Prohibition party lost its lone Representative, but an Independent-Prohibitionist, Milton W. Shreve, was elected from the Twenty-fifth Pennsylvania district.

A SCRAP OF PAPER.

Not the treaty that Germany violated, thus throwing all Europe into a turmoil of war. We do not refer to that famous "scrap of paper," but to something much less serious and tragic. In fact this "scrap of paper" is an out-and-out comedy, as you will agree, if you come to the high school and see the presentation of it by high school students. This farce has delighted hundreds of people before whom it has been performed and, we don't want anyone in town to miss the opportunity of being delighted by it here. The dates of the performance are the 11th, 12th and 13 th of this month. Get you ticket now!

A GREAT MEETING.

Mr. Stewart Speaks to Railroad Men.

A large and enthusiastic congregation gathered at the First Baptist Church last evening to hear Rev. Mr. Stewart. The topic which was intended specially for railroad men, was "The Greatest Home Run Ever Made." The appeal to enter the Christian race was very strong, and a large number came forward making a stand for Jesus Christ. Mrs. Oliver sang a solo, which added to the effectiveness of the appeal. This evening, Mr. Stewrt will speak to Sunday Schools, one representatives from all denominations are most cordially invited to be present. The meetings are rapidly growing in interest and power. A great crowd will be present tonight.

SWEENEY-ENTWISLE

The bride was attired in a dark suit and hat and carried a spray of white chrysanthemums. She was attended by her sister-in-law, Mrs. Leslie Williams, of Lloyd, and the groom had for his best man Mr. Thomas Bayne, of this city.

Following the ceremony a supper was served the wedding party at the home of the bride, 1007 Gibbon street Mr. and Mrs. Sweeney will reside in this city. They received many handsome presents.

IN MEMORIAM.

In sad, but loving remembrance of our dear little daughter, Jennie V. Thompson, who died so suddenly one year ago today, November 5, 1919.

A little bud, the Gardener gave us,
A pure and lovely child.
He gave it to our keeping just for a little while.
But just as our bud was opening to the glory of the day.
Down came the Heavenly Gardener, and took our bud away.
In a little snow-white casket,
Resting all among the flowers,
Lies our little darling,
Who such a little while was ours.
Your little clothes are laid away,
Your little toys are still,
Your little chair is vacant in our home,
Which never can be filled.
One year has passed, Oh, how we miss you,
God in heaven alone can tell.
Though you have heard the voice of angels,
Softly whisper, "All is well."

HONOR TO THE LOSERS.

While naturally disappointed in the results of the Presidential struggle, Democrats can view the outcome without any feeling of vain regrets that, but for some serious blunder, fate might have given them the victory. There have been no such blunders. In Governor Cox and Franklin D. Roosevelt, the party had two splendid candidates of whom it may well be proud, and who made a wonderful campaign against great handicaps. They did honor to Democracy in every way, and showed themselves true leaders in an inspiring, even though a losing, cause. They have proved themselves deserving of any political rewards with the future may have in store for them.

Chairman White, of the Democratic National Committee, did excellent work with the limited resources at his command, and made no such mistake as can be charged against his Republican rival. It was not his fault that the party organization had been allowed to run down, so that effective campaigning was made doubly difficult. His appeals to the conscience of the American people brought liberal responses toward the end, but it was then too late to stem the tide running strongly against the Democratic candidates. Even though they had the benefit of a campaign fund as large as that of the Republicans, it may be doubted whether the result would have been much changed.

The fact that a great majority of the American people voted for such a feeble character as Senator Harding against a tried administrator like Governor Cox shows that they were determined to make a clean sweep at Washington, and that the personality of the candidates did not enter largely into the result. Under such circumstances Democrats can accept the verdict with calmness. They made a good fight, and have no excuses to offer. The Republicans must now accept the responsibilities which victory brings, and to which they have so often proved unequal in the past.

SPORTS.

The Alexandria High School team journeyed to Fredericksburg to play the high school team of that city. The local lads left with a lot of confidence and Captain Pettit hopes to come home victorious.

There will be a practice tonight for the Virginia A. C., at 7 o'clock. All members of the squad are to be present.

Sunday the Virginia's will tackle the strong Seaman-Gunners team, and a good game can be looked forward too.

Something Everyone Should Know About PATHE Phonographs

One of the compelling reasons that prompted the Pathe Company to plan this nation-wide publicity and demonstration campaign, of which this sale is a part, was to better acquaint the public with the advantage of the Pathe Sapphire Ball, as a means of playing a phonograph instead of steel needles, and the important part it plays in providing the ONE greatest thing you can buy in a phonograph—tone!

The Pathe Phonograph employs a Sapphire Ball in playing Pathe records, exclusively. This ball of sapphire, jewel polished under the microscope and fitting perfectly into the half circle of the sound groove along which it smoothly, beautifully glides, is bound to produce a TONE of purer quality than any you have ever known before.

It is all the difference between metal and LIFE!

This Pathe Sapphire Ball does not scratch, cut or harm the record in any way. Therefore, a Pathe record, when played by a Sapphire Ball, can be played and replayed indefinitely without becoming scratched or losing any of its original playing qualities.

Another thing is this:

With the Pathe Phonograph, equipped with the Sapphire Ball, you do not have to keep changing needles every time you play a new selection, as you do with talking machines employing needles.

The Sapphire Ball is indestructible. You can play thousands of records without making a change. Simpy put on a record, and play

In the experimental department of the Pathe Company, Pathe Records have been played with a Sapphire Ball more than a thousand times without showing any deterioration to either the Sapphire Ball or the records. And the demonstration of this fact, direct to the public, and the further demonstration of the convenience of the Sapphire Ball in contrast to the use of needles, played a big part in determining the Pathe Company to plan and organize this gigantic undertaking. For you must remember that this sale is but one of more than a hundred that are planned to be held in the principal cities of the United States.

This sale is to demonstrate, beyond a doubt, the superiority of the Pathe Phonograph, the Pathe Record, the Pathe tone, and the Sapphire Ball as a means of playing.

These are all being demonstrated here every day, and wholly aside from the many distinct advantages of the sale, it is well worth your while to drop in the store to hear and see the Pathe demonstrated merely as a matter of gaining knowledge.

Put Another Service Bar On Last Winter's Clothes

In the battle against the high cost of wearing apparel your old clothes are the most effective warriors. You may think they are ready to be "mustered out." Many a battered soldier has returned to win new laurels in another campaign.

And every day, more Alexandria women are coming to the conclusion that "it pays" to let this clothes hospital and rejuvenator take their last winter's coat, suit or dress in hand. We make them look like new. Put your old clothes on our list instead of on the retired list. Costs little—saves much. And the quality of our work is without equal in the city.

When we accept your work, it is our guarantee of complete satisfaction. Unless we can do the work as you want it done, we will tell you so, and will not accept it. Our many satisfied customers will vouch for this statement at any time. Our motto is—

"QUALITY FIRST—LAST—ALWAYS"

We Employ Expert Methods In CLEANING

MEN'S CLOTHING

An almost magic transformation takes place with the spots, the grime, the shiny wear of your last season's clothes if you let us exercise our cleaning powers on them.

We'll surprise you with the amount of extended wear you can get out of those clothes. You'll be surprised at the fresh, crisp, bright, clean and dressy appearance that we will bring to life in them. Buy new clothes if you like, but for economy's sake wear out the old ones especially when we can make them look new at a trifling cost.

AN ANNOUNCEMENT

Rumor has it, about the city, that our cleaning and dyeing is being done by a certain local firm. We wish to state, however, that after a thorough trial of several cleaning and dyeing concerns, we chose the one that now represents us, and that we are connected in no way with any local company.

We chose the company with which we are now doing business because of the fact that the quality of their work was better and their service more commendable than any of the others.

If your work is not done right we ask that you return the same promptly and we will make it right. Work must be right or your money will be promptly refunded.

A BREAK IN PRICES

Caused by a Break In Partnership

The partnership exhisting between Mr. Eddy and Mr. Gerber in conducting "The Man's Store" was dissolved on November 1st, 1920. Mr. Eddy on that date retiring from the business to engage himself in other activities which require his full attention.

With this change of ownership, we at once put into effect a new price policy---which introduces substantial reductions from present costs. This season's profits will be thrown to the winds. People want lower prices, but generally lower prices will not be effective until next spring. We have put them in effect NOW ---we have made a definite downward revision, thus affording at once the low prices which will be current next spring.
